before they become a problem!*

THIS GROUP PROGRAM PROVIDES:

- Initial Consultation
- Access for monthly phone consultations
- Reduced group hourly rates
- Special contingency fee rates
- Reduced group rates for specific services

This group program offered to members of NCBE is designed to give you access to an attorney who is experienced in construction contract law.

It compares to having a legal firm on retainer whom you can at least consult with on matters you feel uncomfortable with or need some direction.

The basic consultation program will not provide for letters, research or phone calls on your behalf by the firm. Those services would be a part of the reduced rate package available to participants.

You may also use a firm of your own choosing if specific services are necessary beyond consultation.

The group rate covers your consultation time only. If you require representation by an attorney for any matter, i.e. letters, phone calls, appearances etc... , it would be at the discounted hourly rates or the flat fee rates for specific services outlined in this brochure.

Member firms interested in joining the *Group Legal Plan* pay \$100 in advance for 6 months coverage. This will cover your basic plan including your phone consultations as permitted by the plan.

The basic plan fees will be billed and collected by *North Coast Builders Exchange*.

INCLUDES THE FOLLOWING SERVICES AND DISCOUNTS:

BASIC PLAN

The *NCBE Group Legal Plan* provides for members to join the Basic Plan for a minimum of 6 months at a total cost of \$100 (*Payable in advance*)

This Basic Plan provides for a free initial 30 minute office visit and consultation with the attorney. This will give you an opportunity to go over the plan and let the firm get to know you and your operation, as well as possibly the types of questions you might have or how you could use the phone consultation service.

Telephone consultations of up to 30 minutes per month are included in your basic fee and no additional billing or charges are incurred by you. We would appreciate individual phone consultations being limited to 15 minutes.
